**KMC TELECOM III, LLC'S SUPPLEMENTAL RESPONSE TO
BELLSOUTH TELECOMMUNICATION'S
FIRST SET OF INTERROGATORIES
(INTERROGATORY NO. 12)**

KMC Telecom III, LLC ("KMC") pursuant to the Protective Order of December 10, 2003, Rules 26.02 and 33.01 of the Tennessee Rules of Civil Procedure, and subject to the General and Specific Objections filed on or about December 31, 2003, hereby submits the following Supplemental Response to BellSouth Telecommunications, Inc.'s (hereinafter "BellSouth") First Set of Interrogatories.

SPECIFIC INTERROGATORY

12. For each state in Question 8 and 10 that you answered in the affirmative (that you have self-provided or obtained from a third party other than the ILEC or a CLEC that is a party to this proceeding high capacity loops or dark fiber for use in your own operations in providing retail service to your customers) provide a list of the customer locations to which you have deployed such loops, (in electronic format using the attached spreadsheets) identifying:

- a. The RSAG valid address of each customer location.
- b. The CLLI code of the CLEC switch, wire center, collocation, point of interconnection, etc., from which the loop is extended to the customer location. (Provide the full 11-character CLLI.)
- c. Indicate whether the facility is wholly owned by you (Yes, No); if no, provide the name of the vendor from whom you have purchased all or a portion of the facilities.
- d. Indicate whether the facility is provided over dark fiber you have obtained from BellSouth on an IRU basis (Yes, No).
- e. Indicate whether or not you have the unrestricted ability to serve all customers at that location if it is a multi-tenant location. (Yes, No, NA). This includes access

to all units in the building, access to all buildings in a campus environment and equivalent access to the same minimum point of entry (MPOE), common space, house and riser and other intra building wire as the ILEC. If no, explain in detail any restrictions on your ability to serve customers and explain any and all actions you have taken to address such restrictions.

- f. The capacity deployed and capacity activated to the specific location as of September 30, 2003.

Response: KMC adopts and incorporates its General Objection 8 and 12 and its Specific Objection 15 as if set forth herein verbatim. KMC's filing includes an updated Confidential and Proprietary Attachment identifying a list of customer locations where KMC has deployed loops at the capacity deployed. Notwithstanding the foregoing, KMC does not have records that identify the capacity in service and to provide BellSouth with such information is unduly burdensome as it requires KMC to conduct site reviews for every customer location where KMC has self provisioned loops. Given KMC's limited field resources, KMC is unable to provide the requested information at this time.

Responsible KMC Employee: Objections provided by Counsel. Substantive response provided by Michael P. Duke.

Respectfully submitted,

H. LaDon Baltimore (BPR No. 3836)
